PWD BUPCA Inc. — Strategic Platform & Impact Overview

"Transforming Textile Off-Cuts into Inclusive, Dignified Livelihoods & Circular Empowerment"

Persons with Disabilities – Barangay UP Campus Association

UP Diliman, Quezon City

Social Enterprise & Assistive Technology

Official Pitch Deck FY 2026

1. Executive Summary & Mission

PWD BUPCA Inc. is a grassroots community association of *Persons with Determination* in Barangay UP Campus, Diliman. The organization exists to fundamentally alter societal perceptions of persons with disabilities—transitioning members **from dependency into skilled master craftspeople, innovators of ecological circularity, and economic leaders.**

Through accredited partnerships with the **UP College of Home Economics (UP CHE)** and the **UP College of Fine Arts**, PWD BUPCA combines industrial high-speed sewing, differential overlock edging, and zero-waste fabric tessellation with a purpose-built accessible command center that manages asset tracking, daily time records (DTR), piece-rate labor accounting, and virtual store commerce.

Textile Diverted

Post-consumer denim &
uniform scrap

3 Hubs

Workshop Hubs

Active nodes across UP
Diliman

₱0.00

Artisan Deductions

100% grant-funded raw
materials

2. Three Stakeholder Impact Pillars

A. For Sponsors, Donors & Institutional Allies (CSR & ESG)

- **Auditable ESG & Social Metrics:** Verified circular impact reports tracking metric tons of post-consumer textiles rescued from landfills and converted into commercial goods.
- **Institutional Bulk Manufacturing:** High-capacity production pipeline tailored for university conferences, bank merchandise, and corporate gift bags with complete artisan provenance certificates.
- **Direct Seed Funding Allocation:** 100% of material subsidies, machine maintenance, and training stipends are auditable under cooperative accounting governance.

B. For Conscious Consumers & The General Public

- **Heirloom Quality Craftsmanship:** Handcrafted utility goods engineered with heavy-duty denim offcuts, brass zippers, and reinforced double-stitching.
- **Direct Community Reinvestment:** 100% of retail sales directly finance member wages, operational allowances, and community emergency healthcare funds.
- **Frictionless Accessible Ordering:** Online catalog supporting GCash, BPI UP Campus bank transfer, and direct on-campus cash pickup at Pook Dagohoy.

C. For the PWD Community (Artisans & Members)

- **Adaptive Barrier-Free Workstations:** Specially adapted sewing and cutting machinery accommodating wheelchair users, deaf-mute artisans, and low-vision sewers.
- **Dual Income Security:** Guaranteed **DTR Hourly Allowance (₱85/hr)** plus **Itemized Piece-Rate Earnings** for every single unit completed.
- **Empowerment Through Tech:** Multi-modal accessibility tools (high contrast, dyslexia font, audio chimes, voice guidance) allowing independent shift logging.

3. Artisan Product Catalog & Piece–Rate Schedule

Every product has an established labor piece-rate reflecting construction complexity, machine time, and artisan skill level.

Product Collection	Sustainable Materials Used	Retail (₱)	Artisan Rate	Artisan Team & Station
BUPCA Signature Denim Tote Bag	Repurposed denim remnants, canvas base, cotton webbing	₱380.00	₱75 / unit	Elena Santos & Nanay Linda (UP CHE Workshop)
Foldable Fabric Bread Basket	Repurposed floral textile trimmings, reinforced interlining	₱250.00	₱55 / unit	Ramil Bautista (Area 2 Community Center)
Compact Denim Utility Pouch	Heavy scrap denim, #5 brass zipper, waterproof liner	₱195.00	₱45 / unit	Carla De Leon (High-Contrast Zero-Waste Station)
Community Patchwork Canvas Apron	Heavyweight twill offcuts, multi-tool utility pockets	₱420.00	₱85 / unit	PWD BUPCA Sewing Circle (Apprentice Team)

Mathematical Auto-Computation Formula:

Gross Pay = (Monitored DTR Hours × ₱85/hr) + Σ (Units Produced × Piece Rate) + Bonuses

Net Take-Home = Gross Pay (0% Deduction – 100% Grant Subsidized Materials)

4. Technology & Command Center Architecture

1. GIS Interactive Map

OpenStreetMap & Leaflet tracking machinery across UP CHE Workshop, Area 2, and Main Hub with real-time relocation history.

2. Station DTR Terminal

Touch-friendly clock-in logging operator identity, equipment used, fabric meters consumed, and output units.

3. No-Code CMS & Store

Full CRUD management over vocational curricula, public headlines, impact metrics, and retail store catalog.

5. Partnership & Sponsorship Tiers

Tier Level	Commitment	Deliverables & Recognition
Tier 1: Fabric & Waste Donor	Surplus denim offcuts, uniform excess, or fabric remnants	Zero-waste carbon diversion certificate, CSR sustainability impact audit, donor logo on website.
Tier 2: Machinery & Skills Sponsor	₱25,000 – ₱50,000 Equipment grant or training cohort sponsorship	Naming rights at an adapted machine station, sponsorship plaque at UP CHE, co-branded vocational certifications.
Tier 3: Institutional Bulk Purchaser	100+ Custom conference bags, tote bundles, or corporate gift kits	Custom silkscreen/patch branding, artisan impact tags on every unit, priority scheduled fulfillment.
